

How to find Age Group Coordinators / Scheduling Coordinators

If you are a coach or team manager and you need to contact the Age Group Coordinator, the volunteers who create the schedule and have authority over team placement and all other issues within the schedule, please go to www.gasoccer.org and then to the GYSA portion of the site.

Then select Committees from the left column, menu selection where you can access the names and e-mail addresses of the Age Group Coordinators for the various schedule programs (the Academy AGC's are found under the Classic and Athena programs under U12 age group) – see shortcut link here –
